ECOHOME K5 PRODUCT BROCHURE

HAZO

The Global Provider of Mobile Modular EcoHome

ECOHOME K5

The Australian Backyard, Reimagined.
Long Summers. Slow Sundays. Good Company.

HAZO EcoHome K5 is a modular 2-BR home designed for Australian backyards, **by Australian registered building designers and to BCA/NCC 2022 requirements.**

With 59m² of thoughtfully designed space, K5 brings together two bedrooms, a living area and a bathroom, factory-built for precision and assembled quickly on site.

ECOHOME K5

Whether for parents, adult children, work or extra space, K5 creates space for living, working and growing together.

ECOHOME K5

Design Philosophy: In Dialogue with Nature Blending with Nature

K5 is shaped by a deep understanding of Australian conditions, natural light and everyday living. Designed under the guidance of Australian registered building designers, its classic gabled roof reflects the familiar character of Australian homes while supporting efficient drainage and integrated solar systems.

Elegance That Fits In

Choose from fibre cement, wood-look metal or Colorbond® steel cladding, with styles ranging from contemporary to coastal. Designed to complement its surroundings and fit naturally into any streetscape.

Thoughtful Comfort for All Age

900mm+ clear access, a spacious bathroom and provision for grab rails create a home designed to adapt as family needs change.

ECOHOME K5

One EcoHome, Endless Possibilities

Home for Parents

Close enough for a warm meal, while giving everyone the comfort and independence of their own space.

Space for Grown-Up Children

A place of their own as they grow, with the freedom to live independently.

Home Office / Creative Studio

Quiet and focused, with room for ideas and creativity to flow.

Quality Rental Asset

Designed for compliance and efficient delivery, unlocking new value from your backyard.

ECOHOME K5

59m² of Considered Living Space

A Complete Home, Designed for More

Private 2BR Layout

Separate bedrooms provide greater privacy and quiet, with natural light and ventilation thoughtfully considered throughout.

Open-Plan Living

An open-plan living, dining and kitchen area forms the heart of the home, creating a spacious setting for everyday living and connection.

Separate Wet & Dry Zones

A toughened glass shower screen separates the wet area, with the bathroom and laundry efficiently integrated to maximise space.

Made for Every Generation

An open-plan living, dining and kitchen area forms the heart of the home, creating a spacious setting for everyday living and connection.
